# 2024 INTERIM REVISIONS
# INSTRUCTIONS AND INFORMATION

**General**

AASHTO has issued proposed interim revisions to the AASHTO *LRFD Bridge Construction Specifications*, Fourth Edition (2017). This packet contains the revised pages. They are designed to replace the corresponding pages in the book.

**Affected Articles**

Underlined text indicates revisions that were approved in 2023 by the AASHTO Committee on Bridges and Structures. ~~Strikethrough text~~ indicates any deletions that were likewise approved by the Committee. *Italic text* indicates text that was added in a previous interim revision. A list of affected articles is included below.

All interim pages have a page header displaying the interim publication year. Please note that these pages may also contain nontechnical (i.e., editorial) changes made by AASHTO publications staff; any changes of this type will not be marked in any way so as not to distract the reader from the technical changes.

Of special note: A current table of contents for Section 7 has been included in this interim, which reflects changes made in earlier interim revisions which were not issued with an updated table of contents.
