

2025 INTERIM REVISIONS

INSTRUCTIONS AND INFORMATION

General

AASHTO has issued proposed interim revisions to the *AASHTO LRFD Bridge Construction Specifications*, Fourth Edition (2017). This packet contains the revised pages. They are designed to replace the corresponding pages in the book.

Affected Articles

Underlined text indicates revisions that were approved in 2024 by the AASHTO Committee on Bridges and Structures. ~~Strikethrough text~~ indicates any deletions that were likewise approved by the Committee. Additions from the previous interim are indicated by *italic text*. A list of affected articles is included below.

All interim pages have a page header displaying the interim publication year. Please note that these pages may also contain nontechnical (that is, editorial) changes made by AASHTO publications staff; any changes of this type will not be marked in any way so as not to distract the reader from the technical changes.
